

# York County Solid Waste Authority

Our Mission: Facilitate Responsible Solid Waste Management

## Earth Day Recycled Art Contest Winners!

The winners of YCSWA's Earth Day Recycled Art Contest were announced at a reception on Thursday, April 21st.

First place was awarded to “Unfiltered” created by Bella Leonard of Eastern York High School. In second place was “Earth Tech” created by Hailey Kyle of Central York High School. Third place went to “Litterbug” created by Iris Edmunds of Northern York County High School.

Click the button below to read complete details of the contest.

## Environmental Education Programs

YCSWA offers FREE educational programs throughout the year. Whether you are looking for an in-person or virtual program for your community group, classroom or summer camp, we are available to teach lessons such as Waste-to-Energy, Recycled Paper Revelations and Vermicomposting: Worms with an Appetite (for Waste). Click one of the buttons below for more information.

## Have You Ever Visited the Hopewell Area Recreation Complex (HARC)?

HARC is especially beautiful this time of year. This closed landfill has been transformed into a recreation complex that includes playgrounds, ball fields, walking trails and picnic areas. We have wildlife viewing platforms for visitors to spot the many species of birds that inhabit the area. Do yourself a favor and take advantage of all that the HARC has to offer.

## Spring Cleaning

Spring is in the air and you know what that means... **SPRING CLEANING** is on the minds of many! As the mercury rises and plants begin to bloom, we naturally begin to think about how to freshen up our home. If you take advantage of the warmer temperatures to do some spring cleaning, feel free to access our website or watch our video below to learn how you can properly dispose of items that cannot be thrown away with your regular trash.

Friendly Reminder: YCSWA is not a trash hauler. For questions regarding what can and cannot be taken with your regular trash, please contact your trash hauler

Trash Disposal Info.

## Electronics Recycling

In Pennsylvania certain electronics are restricted by law from being disposed of in the trash due to the toxic metals they contain. The Covered Device Recycling Act (CDRA), Act 108 of 2010, requires the following “covered devices” to be recycled in Pennsylvania:

- Computers
- Computer Peripherals (keyboard, mouse, printer, etc.)
- Computer Monitors
- Televisions

For more information about electronics recycling, click the button below.

## Curbside Recycling

Knowing what to put in your recycling bin is very important. Most municipalities offer curbside or drop-off recycling service. If you are confused about what should be deposited in the recycling bin, your first step is to contact your municipality for those details. Items accepted for recycling may vary depending on the type of recycling program and/or where you live. For additional information about curbside recycling in York County, click the button below.
