

FREE Environmental Programming & Field Trip Information For YOU!

York County Solid Waste Authority

Serving our community by providing education and resources for responsible waste disposal

Teacher Newsletter

Take a Tour

Students enjoy visiting the YCRRC for a very educational tour. It stimulates all of the senses and outlines the process of turning York County's trash into an alternative fuel to produce power. Visiting our YCRRC is FREE and we offer a Tour Scholarship Program which pays for a bus for your visit. Students must be at least six years of age and all visitors are currently required to wear a face mask. Find out more by clicking the links below.

Follow YCSWA on Social Media

It is a great way to be informed. Click the link below to follow.

In-Class Presentations

YCSWA offers FREE in-class educational programs throughout the school year for students k-12. We look forward to visiting classrooms to present the Waste-to-Energy Program, as well as our interactive programs such as Recycled Paper Revelations and Vermicomposting (worm composting). Want to find out more? Click the appropriate link below.

Recycled Art Contest

The Recycled Art Contest is a great opportunity for any high school student who is passionate about art. Each year, we invite students to collect unwanted items and/or trash to create an art piece which will be displayed and judged during Earth Day week. Participants are honored during a reception and the top three winners are awarded prizes. For more information, click the link below.
